

November, 2020 message from Josie

Peace be with you all!! I'm sorry it has taken a while just to let you know that we had no school this year. School opened the second week of October because of the pandemic. Public schools will be using modules in Elementary School and High School students will work online. Next year, [2021](#), if God keeps the door open, we will continue school. We will remain social distancing and will limit the number of people who attend the church every Sunday.

In the past few weeks, we had three typhoons that have hit here in the Philippines. There has been damage to some houses along with flooding. It has affected some of the fallen trees, like banana trees and also the rice fields. Now it has hit parts of Manila near Makina and Pasig. It is too painful to see the situation but the only thing is, God is still in control over our nation. In God's goodness, it is great to see that the youth are constantly attending discipleship training and in prayer and worship. God is truly ministering to them and continuously ministering through the children's ministry. He is handling our youth and visiting some of the parents of our youth. All glory is to Him alone.

In the past few months I became very busy and enjoyed gardening and selling plants. I realized that I gave more time to doing gardening than time with Him. I asked for forgiveness from God, for not seeking Him with all my heart and not studying His word and listening to Him and obeying what He wants me to do.

Thank God for the Holy Spirit, who keeps guiding me and leading me for His highest purpose and calling and to do His will. I pray that He will open a church and prepare a pastor who can lead here in Tumbaga Sariaya. We will start a youth service this coming December with the help of Victory Church. I really appreciate all your prayers and support. Please continue to pray for us and partner with us for the ministry that is entrusted to us. May the Lord keep inspiring your heart with strength and protect your family.

In God's Goodness
