

# Josie's News Update

October to November 2018

**And communities will know that Jesus is Lord Ezekiel 36:22.**

Blessings to all family and friends,

I trust that all is well with you!!! I just wanted to let you know that we are in the 3rd Quarter of assessment for each child. Our pupils are getting better with their behavior and in their character. Our kinder pupils are ready to read and write; they know how to count from 1 to 100 and write their numbers. The most important thing is, they know God as their Father God and Savior. Our nursery pupils are also getting better in their character and with their behavior. They know phonics sounds; know how to count from 1 to 30 and some are writing their names...and they know that God loves them. Our toddler pupils love to play with our educational materials. We keep improving our curriculum because of the K to 12 program. Our great news is that we have a new curriculum for our toddlers. I attended a seminar for developing our curriculum and thank God for that opportunity.

## Meetings with the parents one on one.

## UNITED NATIONS

**October 27 2018**

## Feeding and children Ministry.

I continue to pursue the feeding and children's ministry because of their needs; to meet their spiritual and emotional needs, both physical and mental. Also to help develop their social skills, and their physical and spiritual growth as they develop their relationship with God. They are really hungry for physical and spiritual growth too. Please keep

praying to meet their needs so they can be touched and moved by God so they can have a great transformation. I also see the heart of God to touch them and reach them. That is very important to my heart.

## Parenting education.

I am grateful that the parents had a good response and were cooperative and saw the changes and transformation in their children. I am also thankful for the love that we have shown to the children and for what they have learned in school.

During the **Convocation** on November 6, 2018 we recognized the 1st and 2nd for their learning and development.

## Community Presentation

The presentation was made to show the development of the children's language skills and development of their self confidence and also to recognize the people in our community. We want to show appreciation to the people in our community for what they're doing.

### **Community helper's fieldtrip in our community in Sariaya Quezon.**

It was great to meet our community helpers from a different area. What a great joy it was to experience, see and interview our first Barangay captain. We had a chance to see the importance of what he is doing. The kids showed him a dance and said thank you for serving in our community and we told him that Jesus loves him. We also visited our firehouse, police station, in Post office, Radio station, Doctor, nurse, and supermarket. We had the opportunity to tell the prisoners in jail that Jesus loves them. Our pupils showed God's love for them through dance and song. We gave each of them a t-shirt of Bright Morning Star to show our appreciation for them. That is God's heart to

make a difference in our community

## **ACTIVITIES FOR DECEMBER**

Convention in Department of Education December!!

December 4: Seminar for Parents on How to raise responsible kids and DIGITAL COCAINE.

December 3 to 12: 3rd Quarterly Exam

December 17: Gift giving to the Golden Age, to needy children and to special children

December 18: Christmas Party

## **PRAYER REQUESTS**

- The Lord will keep revealing His heart to us to listen and obey His will this new year.
- Strength from the Lord.
- New teachers for next school year.
- Parents grow in their relationship with God
- Protection for each family.

I am grateful for all you've done; for standing with me in prayer, for your love and friendship and support. All the GLORY is to HIM alone.

In His wonderful love

Josie
